

SUGAR ON THE MARKET

Benton Harbor Sugar a Fine Article.

Mayor Rowe Secured First Barrel Today.

Glimpse at Process of Making Sugar.

Benton Harbor sugar is now in the market. The first barrel was purchased by Mayor Rowe and is now on sale at his store. Other local grocers have also bought the Benton Harbor brand and only sugar manufactured in this city will be sold here for some time. The first barrel weighed 333 pounds. The sugar is as fine and as white and as sweet as any ever seen here. Experts who have seen the sugar say that the quality cannot be beaten anywhere. The factory is now in good running

covered drive and there unloads. Henry Beals takes a bushel basket of beets off of each load and these samples are taken to the tare room, which is in charge of Frank E. Morrow. Mr. Morrow and his assistants weigh the beets in the basket, and then put them in a washing machine where the dirt is washed off and the washed beets weighed. Mr. Morrow went through the process for the benefit of a NEWS reporter and on that basket there was a waste of 6 per cent. This, the tarenman said, was an unusually dirty basket.

A slice is then trimmed from each beet in the basket and these slices are ground into pulp. This pulp is put into a sack that resembles a shot bag and is put under a heavy pressure and the juice squeezed from the raw beets. This juice is sent to the chemist who ascertains the percentage of sugar it contains. This test determines the price the grower will receive for his beets on that load. As each load is tested the same grower may receive varying prices for his beets.

Other factories have a beet press for getting out the juice which works with a screw. Mr. Schriver found that this was too slow a process and he invented a press that works with a lever and is a great time saver. This process is only applied to the test beets.

The beets from the big sheds are carried to the factory through a concrete

the operation for the first season are in charge of H. S. Dyer, a nephew of the head of the firm. He has been in the sugar business for 18 years and is an expert. Mr. Shepard the engineer in charge of the construction is one of the best sugar house experts in the United States. The relations between the contractors and the board of directors have been most cordial throughout.

Supt. Dyer said today that factories that had been previously operated could make no better showing on the start than the Benton Harbor factory had made since it started up.

His company is equipping a factory in Utah to pump beet juice 20 miles to be refined. Freight rates are so high that it is cheaper to have pipe lines than to pay freight.

WILL BE A BEAUTY SPOT.

Grounds About the Factory to be a Paradise.

Next spring the Wolverine company will make the grounds about the factory one of the beauty spots about the city. The cinders from the big boilers will be used in making drive-ways for the farmers to haul their beets from the street to the sheds and there will be green grass about the factory.

MAIN BUILDING OF WOLVERINE SUGAR PLANT.

order and will have 75 barrels of its sugar on the market by tonight.

The sugar will be known on the market as the Wolverine brand. Each barrel bears a label which reads: "Wolverine Granulated Sugar, refined by the Wolverine sugar company, Benton Harbor, Mich. Guaranteed Pure. American Sugar made by American Machinery."

The factory was built by American sugar experts, men who have gained all the experience they have in this country, and is equipped with American machinery.

GLIMPSE OF THE PROCESS.

The Wonderful Business of Making Sugar From Beets.

The making of sugar from beets is the most interesting and wonderful industry ever established in this state. It takes more expensive and more machinery than the making of paper from rags or wood pulp and through the entire process there is a more fascinating and appetizing air.

The mammoth buildings of the company, which together with their massive machinery cost about \$300,000, have already been described in these columns. The factory was guaranteed by the builders to grind up 350 tons of beets per day, but the factory ran for an hour yesterday at the rate of 600 tons per day. It is believed that the average capacity of the plant will be 400 to 450 tons per day. It is said that all the factories built by E. H. Dyer & Co., do more than they are guaranteed to do.

When the farmer delivers his beets he takes them to a shed which has a

channel a foot or more wide and through this channel is constantly running a stream of water several inches deep. The beets are shoveled into the water and the current carries them to the main building where they go through a washing machine which works with long paddles and splashes the beets around in the water. From the washer they go to the machine which cuts them up into strips that resemble spaghetti.

The beets then go into large vats and cold water is turned on and after the water has filtered through warm water is turned on and each time in the process the water is hotter than that which has filtered through the beets before. The sugar is taken from the beets on the same principle that salt is taken from codfish and the beets are not ground up and the pulp squeezed as is done in the testing room. The process used is better than squeezing out the juice.

The juice is purified by the extensive use of lime. One large building is devoted exclusively to the burning of lime and has a capacity of several tons of lime per day.

The juice is boiled down in a system of steel tanks and goes through what is called a crystallizer. The sugar then is brown or yellow and it goes into a machine that resembles a milk separator and this makes the sugar white. The sugar, refined and ready to barrel, runs out of a spout ready for the market. Inspector Fletcher personally inspects every barrel manufactured.

The directors will soon appoint a visitors' day and then an opportunity will be given to visit one of the most wonderful institutions in the world.

THE WOLVERINE COMPANY.

The Gentlemen Who Are Responsible for the Industry.

The factory has been built under the direction of the board of directors of the company, which is composed of the following gentlemen: H. M. Olney, president; J. E. Barnes, vice president; H. C. Rockwell, secretary; John Robinson, treasurer; W. A. Preston, R. M. Jones, C. D. Stuart, Charles Bishop, J. W. Bedford, C. W. Shriver, John R. Price, H. W. Corning. The highest praise is given all the directors and officers and especially has been complimented the zeal of the president, Mr. Olney. Mr. Schriver has been the agriculturist and has done good work in that department. The details of the business have been in the hands of Secretary Rockwell and his able assistant, C. K. Farmer.

The factory now employs about 125 men.

THE BUILDERS OF IT.

E. H. Dyer & Co. Are an Excellent Firm to Tie to.

When the contract for the mammoth factory was let to E. H. Dyer & Co., of Cleveland no mistake was made. The factory is complete in every detail and there was no shirking or substituting poor materials. DEATH OF JOUBERT.

Boer Commander Is Said to Have Been Killed in Battle.

SHOT IN FIGHT OF LAST THURSDAY.

A Paris Journal Publishes a Report That Ladysmith Has Fallen—Reinforcements Arriving at Cape Town.

Durban, Nov. 12.—The Times, of Natal, publishes a telegram from Lourenzo Marques saying that Gen. Joubert was killed in action on Thursday, November 9.

Enemy Closing In.

Cape Town, Nov. 10.—A dispatch received here from Pretoria, under date of Thursday, November 9, says the reports received there from Ladysmith said heavy cannonading started at day-break, that some of the Boer forces were within 1,500 yards of the British, when the cannonading ceased and rifle fire commenced.

The Pretoria dispatch also announced that all was quiet at Mafeking and Kimberley.

Paper Reports Fall of Ladysmith.

London, Nov. 16.—A Paris paper announces the fall and capture of Ladysmith, but reports from this source no longer cause a ripple of excitement. Nevertheless, there will be considerable anxiety here until the war office or some independent version of the latest developments at Ladysmith is known.

Dispatch from Mafeking.

Cape Town, Nov. 16.—An undated dispatch from Mafeking received by runner, via Magalapye, Wednesday, November 8, says:

"To-day all is quiet. We have been bombarded pretty heavily all week. Friday night Capt. Fitz-Clarence and Lieut. Swinburn, with D Squadron, of the Protectorate regiment, made a magnificent bayonet charge upon the Boers' entrenchment, driving them from their positions and bayoneting numbers of the Boers, who must have lost very heavily. The charge was most gallant and determined. The party could not hold the trenches, and lost six men killed, two prisoners and nine wounded in their retreat. We expect a general attack to-morrow. The bombardment has been most incessant. Every one remains under shell-proof cover. So far the shells have only wounded one man.

"The enemy are using one 94-pound howitzer and seven other guns from seven to fourteen pounders. The town is most cheerful and determined to resist attack to the utmost. The Boers are entrenched on every side in great numbers, and are pushing gradually closer and closer to the town fortifications. We are well off for provisions and water, though very tired, dodging shells and fighting. Quite an elevated line, Gen. Cronje has always given due notice of a bombardment, and allowed an ambulance party two hours, on Saturday, to recover the bodies of six dead left in the vicinity of the Boer trenches.

"On Friday night Jan Boga, the well-known Boer commandant, told a man with the ambulance party that their loss had been heavy and that his heart was very sore.

"The wounded include Capt. Fitz-Clarence and Lieut. Swinburn, both slightly.

"In a skirmish at the outposts yesterday one trooper was killed and nine were wounded.

"Only 55 men of D Squadron were engaged in the attack, though they were assisted by the flanking fire of a gun of the Cape police. The Boers made a desperate attempt to drive back the British, and their rear trenches opened a terrible fire. In every direction, the flash of the rifles lighting up the entire position. A hail of bullets rattled on the roofs of the houses of the town. Upon completing a circuit of the Boer front and the line of trenches, the British withdrew in independent lines of retreat, covered by the flank fire from the Cape police. The Boers continued to volley at intervals during the night. The Boer loss is estimated at 100 killed and wounded. The Boer commander informed an officer in charge of a flag of truce that he estimated the attacking squadron at 1,000, and was not aware that the British force at Mafeking was so large.

"The Boers were observed from Mafeking burying their dead all day long."

Gen. Cronje's Defeat.

London, Nov. 16.—A dispatch to the Daily Mail from Mafeking, sent by way of Magalapye, because the runners sent southward were unable to traverse the Boer lines, describes Gen. Cronje's great attack of Monday, the details of which have already been cabled from Col. Baden-Powell's official dispatches. The dispatch says:

"The end came, after five hours' fighting. The enemy retired, being heavily beaten for all time so far as Mafeking is concerned. It was the hottest day of the siege and the firing was terrific. The Boers evidently recognizing that the way to Mafeking, if any, is by a kopje which was gallantly defended by Col. Wainford's men. The garrison is jubilant, while the Boers have been hurled back in disorder on their hunger and will have to content themselves with a long range bombardment unless they are strongly reinforced.

"The enemy lost heavily. For hours after their fighting line had been rolled back two wagons went slowly along their position, picking up the dead and wounded. The kopje resembled a shambles after the fight. All the men were killed by bullets or shells. The lookout tower was shot to pieces, while even the saddles of the horses were fearfully battered about. The whole place was simply smashed up by the concentrated fire of seven guns and a thousand rifles. The Boers at first held onto their advance pluckily, but they could not live when they came to short range, the men being shot down at 200 yards.

"The enemy is expected to draw off early in order to defend Pretoria."

The Reinforcements.

London, Nov. 16.—The total reinforcements that have arrived in South Africa since Friday are 19,000 men, chiefly infantry, nearly 13,000 horses and mules, three batteries of field artillery, and a number of quick-firing maxim guns. The fact that the British proceeded for East London is taken to mean that Gen. Buller is satisfied that the troops which have already landed or are on the way to Durban will be sufficient to carry out his plans for the relief of Ladysmith.

High Price for Broom Corn.

Charleston, Ill., Nov. 16.—Merkle & Wiley, of Paris, bought the Charleston Broom company's plant, together with the stock on hand, 150 tons. The price paid was \$38,000, of which \$30,000, or \$200 a ton, was paid for the brush. This breaks the record of many years for high price of broom corn.

THE MIAMI CLUB

Ladies Again Find Welcome at the Club House.

Club House Has Been Rejuvenated and is Very Pretty.

Members of the Miami club, their wives and their friend to the number of 300, attended the reception at the club house last night. For a year or two the women have received no invitation to the club house and the once popular ladies' afternoon and evening had been neglected.

During the past few weeks the club house has undergone great repairs. The walls have been repapered and decorated, a fine piano and a new billiard table have been added and the ladies were invited last evening to see how nice the rooms really were. The officers of the club were the recipients of many compliments for the tasty and artistic arrangement. Hereafter the club will be thrown open to the ladies every Wednesday afternoon and evening.

The club is on an excellent financial footing. There are over 100 members in good standing, all the debts of the association are paid and a delightful place is afforded for young and old gentlemen to spend their evenings in harmless amusement where no gambling is allowed and where no strong drink is served.

The officers of the club are: Presi-

dent, F. H. Ellsworth; vice president, C. M. Edick; secretary, John B. Morrison; treasurer, C. J. Peck. The other directors are: J. H. Pound, G. M. Valentine, L. W. Cammack, S. E. Deigneau, Chester C. Sweet, H. A. Foeltzer.

The regular entertainment committee had charge of last night's reception and is composed of the following: J. H. Pound, Dr. and Mrs. George M. Bell, Mr. and Mrs. John R. Price, Mr. and Mrs. John T. Owens, Mr. and Mrs. Charles Foster, Mr. and Mrs. L. T. Burrledge, A. H. Berger, L. W. Cammack and John Bell, Jr.

During the evening a musical program was rendered and every number was so heartily received that the artists were forced to respond with another selection.

The program opened with a piano solo by Miss Bell, which was followed with a duet by Mrs. Eldred and Mrs. Hermitage. Fred A. Hobbs sang a solo as did also Floyd Daigneau and Mrs. Charles Stone. Mrs. S. B. Van Horn played Mrs. Stone's accompaniment. The program closed with a recitation by Miss Ida Bridgman.

After the program refreshments were served in the card rooms and during the evening punch was served in the reading room by a colored waiter.

TO PLAY DOWAGIAC.

HIGH SCHOOL TEAM WILL HAVE GAME SATURDAY.

Benton Harbor can have no unkind thoughts for the management of the high school football team. Last Saturday lovers of the sport were given the greatest game of football ever witnessed in the county. And now the management offers the citizens a still better game.

Dowagiac has long looked with envy at the victories of the Benton Harbor team. They are the undisputed champions of Cass county and they don't know why they can't defeat the champions of Berrien county.

A game has been arranged for and will be fought the coming Saturday at Eastman Springs park at 2 o'clock.

Dowagiac has defeated St. Joseph twice. Once at St. Joseph by a score of 11 to 0 and last Saturday at Dowagiac 29 to 0.

Benton Harbor must look to her laurels.

THE CITY COUNCIL.

ADJOURNED REGULAR SESSION--OFFICIAL REPORT.

Benton Harbor, Mich., Nov. 13, 1899.

The city council convened in adjourned regular session at 8 o'clock p. m. Present on roll call: The mayor, clerk, and Ald. Baker, Cole, Daigneau, DeTemple, Hall and Wescott.

The special assessors reported the assessment roll for the first annual installment of taxes for the Heck Court sewer and the second annual installment of taxes for the Brunson avenue sewer, and resolutions were adopted accepting said tax rolls and instructing the clerk to attach his warrants ordering the treasurer to collect said taxes.

This being the time for hearing objections and suggestions in respect to the proposed Broadway sewer, the mayor gave those present an opportunity to be heard, and no one appearing to offer any objections to said improvement, the following resolution was introduced:

Whereas, A proper petition having been presented praying for the construction of a public lateral sewer in and along Broadway street from a point near the center of Britain avenue, thence running northerly along and in Broadway to the intersection of Broadway with Bellview street, thence easterly along and in Bellview street to the intersection of Bellview street with Pipestone street, there to connect with the main sewer in Pipestone street; and

Whereas, The city council having caused a diagram and plat to be made of the whole district in which such proposed lateral sewer shall be located, which diagram and plat shows all the streets, public grounds, lands, lots, and subdivisions thereof in such district, the proposed route and location of such lateral sewer, and the depth, grade and dimensions thereof; and the city council having procured an estimate of the cost of such lateral sewer, viz: a sum not to exceed one thousand and sixty-nine dollars and sixty cents (\$1069.60); and

Whereas, The city council having caused due notice to be published in THE EVENING NEWS, a daily newspaper printed and circulated in the city of Benton Harbor, for at least two weeks, such publication first appearing in said newspaper on the 28th day of October, 1899, and the last publication on the 11th day of November, 1899, of the intention to construct such lateral sewer and where said diagram and plat might be found for examination, and of the time when the city council and board of public works would meet and consider any suggestions or objections that might be made by parties interested with respect to such lateral sewer, viz: at a meeting of said city council and board of public works to be held in the council room in said city, November 13, 1899, at 8 o'clock p. m., and said city council and board of public works having duly met at the appointed time and place as aforesaid, and no person appearing at such meeting to make either suggestions or objections in regard to such lateral sewer or anything pertaining thereto; and

Resolved, It being the sense of this council that such lateral sewer should be constructed; and all preliminary steps and proceedings in the matter having been taken in accordance with the statutes in such cases made and provided; therefore it is hereby

Resolved, And declared that such lateral sewer shall be constructed according to the grade and dimensions of such sewer specified in said diagram and plat; and that such lateral sewer shall be and lie in a special sewer district as hereinafter provided. And be it further

Resolved and declared that said special sewer district shall be composed of lots 6, 7, 8, 9 and 10, block E, and lots 6, 7, 8, 9 and 10, block D, Ingham and Bowman's addition; lots 5, 6, 7, 8, block 39; lots 5, 6 and 7, block 40; lots 1, 2 and 3, block 41; and lots 1, 2, 3, block 42. McKenzie's addition; lot bounded n by Bellview street, e by Broadway, s by Mills, e by Hinkley, s by High school, w by Broadway; lot bounded n by Green, e by Hinkley, s by Mills, w by Broadway; and which district is hereby named and designated as "Broadway Sewer District No. 1," and be it further

Resolved, That one fourth of the cost and expenses of such lateral sewer shall be paid from and out of the general sewer fund of said city, and the remainder of such cost and expenses shall be paid by special assessment upon all the taxable lands and premises included within said special district as aforesaid in proportion to the estimated benefits accruing to each parcel respectively from the construction of such sewer, which assessment according to benefits shall be made without reference to any improvements or buildings on the lands so assessed; and be it further

Resolved, That the board of special assessors be and they are hereby directed to make a special assessment to defray the cost and expenses of constructing said lateral sewer, the estimate of which is on file in the office of the city clerk, and that such assessment shall be made as hereinbefore provided against all taxable lands in said

Did You Ever Run a Fanning Mill?

If so, you know that all the good, plump wheat comes out of the front of the mill and only the shrunken and puckered kernels go through the sieve into the chessbox and are blown over the tail of the mill into the chaff. We never lost a good, plump customer in our life. We have heard of such a thing as once in a great while one going into the chessbox or into the chaff but we always doubt it and never knew of a case.

district, which assessment shall be as aforesaid, viz: Three-fourths (¾) of the cost and expenses of said sewer; and said board of special assessors shall make report thereof to this city council with all convenient speed.

On motion of Ald. Baker, supported by Ald. Daigneau, the foregoing resolution was adopted by the following vote: Yeas—Ald. Baker, Cole, Daigneau, DeTemple, Hall and Wescott. Nays—none.

The fire wardens were instructed to report to the fire committee for directions in their work of inspection.

Ald. Foeltzer took his seat in the council.

The Pipestone street paving assessment roll was introduced and the mayor called for objections to the same. Allen Brunson objected to the assessment on the ground that he had been charged with an excess of two feet frontage, and J. D. Miller protested that his assessment was not on an equality with other property owners. E. Brammell and Wm. Stewart entered objections in writing, protesting on the claim that the assessment was unjust and illegal.

A resolution was presented for the confirmation of the assessment roll and Ald. Foeltzer moved its adoption.

The motion was supported by Ald. Cole and was lost by the following vote: Yeas—Ald. Baker, Cole, Daigneau, Foeltzer and Hall. Nays—Ald. DeTemple and Wescott.

The council adjourned.
R. P. CITABROCK, city clerk.

Y. M. C. A. FEAST

SERVED TO DIRECTORS AND COMMITTEEMEN.

BRIGHT TOASTS FOLLOWED THE REPAST.

The directors and committeemen of the local Young Men's Christian association, about forty in all, were served a hearty supper in the rooms last evening. A large table was placed in the gymnasium and around this the young men gathered and betook heavily of the toothsome victuals prepared and served by the industrious ladies of the auxiliary.

After the hunger of all had been satisfied toasts were in order. Toastmaster Dr. Votey in his introduction spoke of the "Backward Look." He traced the history of the association from its feeble start, through all its successes and failures, to the present happy condition.

W. P. Harvey eloquently responded to the toast, "The Forward Look." Mr. Harvey believes the time will come when the local Y. M. C. A. will own a fine building and have "money to burn."

"The Outward Look" was the subject of an address by Barratt O'Hara.

Rev. E. A. Hoffman followed with a noble talk on the "Upward Look." He urged the young men to use all their power and to trust in God for more.

The general secretary, A. L. Burucker, spoke on the "All Around Look." His remarks were fine and were warmly applauded.

It was decided to end the membership contest December 15.

The general secretary appointed the following committees for the ensuing year:

Social Committee—Fred Drake, chairman; John Lee, Judson Rice, Chauben Durkee, Frank Prideaux, Walter Bayan, Cory McClave, Orlow Buckley, C. L. Hinkley, Stanley Morrell, Angard Bailey, George White, Ray Haynes, Chas. Morton.

Press Committee—Barratt O'Hara, chairman, Stanley Bailey, C. E. Reeves.

Invitation Committee—John Boylan, chairman; F. G. Parrish, Frank Radde, Religious War Committee—A. R. Arford, chairman; Ray Hemingway, Albert Sykes, W. P. Harvey, John Boylan, Theo. Rahn, Judson Rice.

Membership Committee—Austin Crago, chairman; Harvey Massey, Wilard Banyan, Edward Engleman, Ainsworth Bailey, Robert Lee, Fred Hinkley, Ray Herr, Harry Baughman, Elisha Petrequin.

GEN. WHITE'S LIBEL SUIT

Case Against Editor Edwy C. Reid, of Allegan, Revived.

Grand Rapids, Nov. 16.—The \$20,000 damage suit began by Gen. Will L. White against Editor Edwy C. Reid, of Allegan, and dismissed by the court on account of alleged imperfect service, has been revived and a motion made to set aside the order setting aside the service.

This action is due to a decision by the supreme court last week in the case of Pixley vs Berrien county judge. In this case Justice Grant holds that section 168, acts of 1899, providing that an officer making an arrest on a carious shall also "serve a copy of the writ and affidavit upon which said writ is founded upon said defendant," is directory merely, and failure to serve copies does not make the service defective.

MICHIGAN.

The board of athletics of the U. of M. is just \$16 shy by reason of the football team taking that Philadelphia trip. Michigan's expenses were \$1,812.90.

The Grant monument association asked Governor Pingree if there were not some Michigan G. A. R. posts that would like to have some of the battle flags the Michigan troops carried under Grant, have a place in the New York monument. The governor asked Gen. White and Gen. White went to C. V. R. Pond, adjutant general. Pond has taken it upon himself to reply that none of the Michigan soldiers would want any such thing. The state commander will have the say and not Pond when the thing is settled.

Michigan pensions were granted Tuesday as follows: Original—Jacob Eby, Grand Rapids, \$6. Increase—George W. Smith, Greenville, \$10 to \$12; Charles H. Quantrell, Charlotte, \$2 to \$17; Ephram Ogden, Clinton, \$8 to \$10; Samuel Nichols, Six Lakes, \$6 to \$8; Seth S. Phillips, Ludington, \$6 to \$10; Henry Webb, Polaski, \$6 to \$8; John R. Houlder, Soldiers' Home, \$6 to \$10. Reissue—Nathan R. Jersey, Cheaning, \$12. Widows—Maria Hale, South Haven, \$8; Della C. Rappley, Ypsilanti, \$8.

THE anti-trust people are perhaps
 afraid that McKinley and Bryan will
 form a combination and carry off the
 country. That would make a pretty
 strong trust.

If Plainwell would buy a barrel of
 Wolverine sugar she would learn that
 Benton Harbor is not the sour place
 that Prof. Norton and the football team
 would have her believe.

A BENTON Harbor exchange pub-
 lished the telegram that was floating
 about the street here yesterday in re-
 gard to the fall of Ladysmith as a
 "special." It was a special bit of news
 which the press of the country have
 not yet received. After reading "spe-
 cials" it is always wisdom to look in
 THE NEWS to see if the "specials" are
 so.

THE sugar beet factory is working to
 perfection and the pioneers in the
 move toward the factory here—J. J.
 Miller, C. W. Schriver, Charles Foster
 and J. E. Barnes, are indeed to be
 praised for their foresight. It took
 courage on the part of all the gentle-
 men interested to make such a large
 investment in an untried industry.
 The industry has been a great good
 thing for Benton Harbor. No one will
 now begrudge the owners if the stock
 is paying property.

Fire in Chicago.

Good Qualities That Put the Stamp of
 Excellence Upon This Article.

There are many reasons why you
 should take Morrow's Kid-ne-oids in
 preference to any other kidney prepa-
 ration. First, Kid-ne-oids are a scien-
 tific preparation. Second, They are
 Tablets, which is the scientific form of
 preparing medicine. Third, There are
 never any bad after effects from their
 use. Fourth, They act directly upon
 the kidneys: they are strictly a kidney
 cure and nerve tonic. Fifth, You do
 not have to quit work while using Kid-
 ne-oids. A fifty-cent box contains
 enough for about two weeks' treatment.
 People use Kid-ne-oids, because they
 cure kidney ailments.

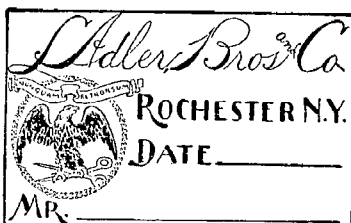

Mrs. John Ashton, 809 James St.,
 Bay City, Mich., says:—"I have suf-
 fered for several months from kidney
 trouble, backache and dizziness, ner-
 vousness and headache. I tried Mor-
 row's Kid-ne-oids and was delighted to
 find myself much better inside of three
 days' time. I have continued to use
 them and my backache and dizziness
 are gone and my nerves are better and
 my general health much improved."
 Morrow's Kid-ne-oids are not pills,
 but Yellow Tablets and sell at fifty
 cents a box at all drug stores and at
 Lowe & Witherspoon's drug store.

LESSONS FREE.

Art Embroidery Lessons at Warren's Commencing Monday, November 20.

During the entire week Miss H. Kaufman of Chicago, will be at our store, representing one of the largest manufacturers of silk and will give lessons in all branches of art embroidery. The store will be arranged for this special attraction and sewing tables, chairs, etc., will be provided. Embroidery needles and hoops will be furnished free and the ladies are invited to be present either forenoon, afternoon or evening and make themselves perfectly at home.

Miss Kaufman will bring for exhibition a beautiful collection of high art work and everybody will be made welcome to call and see this rare work.

To the Public.

I beg to announce that I have opened up a studio in St. Joseph located at 715 Broad street and will make up portraits in pastel, crayon and water colors, doing strictly first class work at nominal prices, and will also be prepared to give lessons in the art of making portraits to those who may be desirous of learning the same, guaranteeing perfect satisfaction in every respect. To those who care to learn a business that is so useful in any home, whether taken with a view to making it profitable or just for an accomplishment, I think that they will readily see the advantage in this offer and will appreciate the same. Parents who have children and want them to enter into a business where the field is practically unlimited, should not fail to take advantage of this opportunity, where they can get the best of instruction at a reasonable figure. THURSDAY, NOV. 16, 1899.

The anti-trust people are perhaps afraid that McKinley and Bryan will form a combination and carry off the country. That would make a pretty strong trust.

If Plainwell would buy a barrel of Wolverine sugar she would learn that Benton Harbor is not the sour place that Prof. Norton and the football team would have her believe.

A BENTON Harbor exchange published the telegram that was floating about the street here yesterday in regard to the fall of Ladysmith as a "special." It was a special bit of news which the press of the country have not yet received. After reading "specials" it is always wisdom to look in THE NEWS to see if the "specials" are so.

The sugar beet factory is working to perfection and the pioneers in the move toward the factory here—J. J. Miller, C. W. Schriver, Charles Foster and J. E. Barnes, are indeed to be praised for their foresight. It took courage on the part of all the gentlemen interested to make such a large investment in an untried industry. The industry has been a great good thing for Benton Harbor. No one will now begrudge the owners if the stock is paying property.

Fire in Chicago.

Chicago, Nov. 16.—Fire which started in the inflammables of a wholesale millinery stock did extensive damage to the buildings at 146 and 148 State street at three a. m. The actual losses are unknown, but may aggregate \$150,000. An explosion of gas injured several firemen. The principal losers are H. H. Kohlsaat & Co., restaurant; Chambers, optician; Boston Dental Co.; Sievers & Co., millinery.

Nebraska Returns.

Lincoln, Neb., Nov. 16.—Interest in the election last week was revived Wednesday when tabulating of returns began at the state capital, inasmuch as it shows that Holcomb (fusion) ran far ahead of his ticket and that the republicans have possibly elected one of the university regents, while the majority for the second fusion candidate will be less than 6,000.

Thirty-Six States Represented.

Springfield, O., Nov. 16.—The thirty-third annual session of the national grange convened in this city with Master Aaron Jones, of South Bend, Ind., in the chair. Twenty-six states are represented, the delegates from which, together with those remaining from the state grange meeting and other visitors, place the total attendance at 2,500 in the city.

Probate Court.

Fred H. Andrews and George C. Reum, executors of the estate of John Andrews, deceased, filed their petitions for final settlement of their accounts as such executors, and for final distribution of said estate. Hearing set for December 18 at 10 a. m.

A petition was filed by Dr. William A. Baker for final settlement of his accounts as administrator of the estate of Henry Dobbyn, deceased, and for final distribution of said estate. Hearing set for December 18 at 10 a. m.

Clayton Smith filed his petition for the sale of the real estate of his wards, Mary E. and Merle E. Lewis, minor, at private sale, and to invest the proceeds. Hearing set for December 18, at 10 a. m.

SOME OF THE BEST.

There are Also Many Others of Equal Force.

Good Qualities That Put the Stamp of Excellence Upon This Article.

There are many reasons why you should take Morrow's Kid-ne-oids in preference to any other kidney preparation. First, Kid-ne-oids are a scientific preparation. Second, They are Tablets, which is the scientific form of preparing medicine. Third, There are never any bad after effects from their use. Fourth, They act directly upon the kidneys: they are strictly a kidney cure and nerve tonic. Fifth, You do not have to quit work while using Kid-ne-oids. A fifty-cent box contains enough for about two weeks' treatment. People use Kid-ne-oids, because they cure kidney ailments.

Mrs. John Ashton, 809 James St., Bay City, Mich., says:—"I have suffered for several months from kidney trouble, backache and dizziness, nervousness and headache. I tried Morrow's Kid-ne-oids and was delighted to find myself much better inside of three days' time. I have continued to use them and my backache and dizziness are gone and my nerves are better and my general health much improved."

Morrow's Kid-ne-oids are not pills, but Yellow Tablets and sell at fifty cents a box at all drug stores and at Lowe & Witherspoon's drug store.

The Old Way

when a man wanted a really fine suit or overcoat, was for him to go to a merchant tailor of reputation, who, for about the price a distinguished specialist charges for a delicate operation, would furnish him with garments irreproachable in style, quality and fit. He was pretty sure of satisfaction, but it came high.

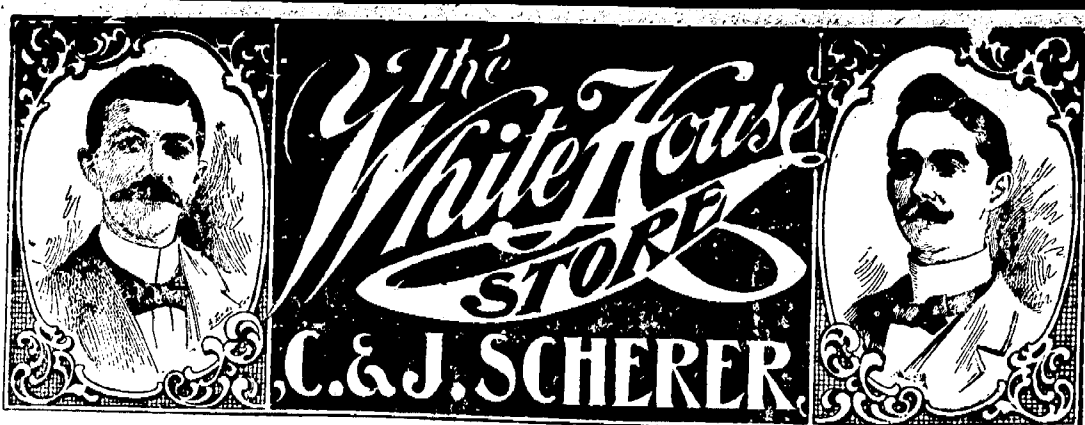

The New Way

is to step into a store where L. Adler, Bros. & Co.'s clothing is sold and pay a reasonable price for a suit or an overcoat that the swell tailor cannot or will not duplicate for double the money.

As exclusive agents in Benton Harbor for L. Adler, Bros. & Co., we cordially invite you to inspect their latest styles.

CHOOSING HIS SECRETARY.

Congressman Henderson, the Next Speaker of the House, Makes an Appointment.

Dubuque, Ia., Nov. 16.—Congressman Henderson, next speaker of the house, announces the appointment of Jules C. Richards, of Waterloo, Ia., as private secretary to succeed Amos L. Allen, who was Speaker Reed's secretary and who has just been elected to congress. Also that Asher C. Hinds will continue as clerk at the speaker's table and that Leroy Neeley, for some years Congressman Henderson's private secretary, will be the speaker's clerk.

Need More Men.

Des Moines, Ia., Nov. 16.—The local mine operators in this district are all united in offering one dollar per ton for mining coal, and even at this rate, which is 20 per cent. higher than that agreed on by the operators and men last spring, are not able to get enough men. The scale of 80 cents was accepted by the miners for a year, and the operators have voluntarily raised the scale to one dollar in order to get enough men to meet the demand.

Brave Explorers

Like Stanley and Livingstone, found it harder to overcome malaria, fever and ague, and typhoid disease germs than savage cannibals: but thousands have found that Electric Bitters is a wonderful cure for all malarial diseases. If you have chills with fever, aches in back of neck and head, and tired, worn-out feeling, a trial will convince you of their merit. W. A. Null of Webb, Ill., writes: "My children suffered for more than a year with chills and fever; then two bottles of Electric Bitters cured them." Only 50 cents. Try them Guaranteed. Sold by Lowe & Witherspoon, druggists.

LOCAL BREVITIES

PROF. Fred Null will give one of his popular dances in Conkey's hall tomorrow night.

ALDERMAN Foeltzer and George Hobbs were in the vicinity of Riverside yesterday hunting and returned to this city last night with 34 quail and one partridge.

THE fire loss recently suffered by George Anderson on his household goods was satisfactorily adjusted yesterday. Mr. Anderson was insured in the agency of Albert Sykes.

RAPP & PRIDEAUX will have a big November sale commencing tomorrow morning and in another column they quote prices which will appeal to the careful and economical buyer.

THE Rescue Mission will now call for all packages for the poor if the friends of the mission will notify Superintendent Shears by card or leave word at the rooms, 122 West Main street.

ARTHUR M. Clark, grand lecturer for the state of Michigan for the Masons, will hold school of instruction at Watervliet this afternoon and evening. Benton Harbor Masons are invited to attend this evening.

C. M. EDICK has resigned as official weighmaster at the Wolverine sugar factory. This is in order for him to devote all his attention to the new Citizens' state bank. He will continue his duties at the sugar factory until his successor is appointed.

THE board of public works met last night and opened the bids for the construction of the Heck Court sewer. Jesse Hall secured the contract, his bid being about \$20 less than the other bids opened. The work on the new improvement will commence at once.

MRS. George Anderson yesterday visited the scene of their late fire at 167 Vineyard avenue and before going into the house she removed her fur collar and laid it on the grass in front of the house. She was in the house a few moments and when she returned the collar was gone. It is thought some one passing along the street picked it up thinking it was lost. Mrs. Anderson would be very grateful for its return.

THE Catholic ladies of St. John's church are making elaborate preparations for their fair to be given December 1. One of the most exciting features of the fair will be the contest of four of Benton Harbor's physicians for a gold headed cane, the most popular one receiving the cane. The physicians who have entered the contest are: Drs. George M. Bell, C. N. Sowers, B. G. Watson and J. C. Bostick. Votes for Drs. Bell and Sowers can be registered at Dr. Bell's office and the votes for Drs. Watson and Bostick at Bird's drug store.

Mrs. Dorothy Collins will sell her three dollar hats, Saturday for one dollar. 3141

Grain-O Brings Relief

to the coffee drinker. Coffee drinking is a habit that is universally indulged in and almost as universally injurious. Have you tried Grain-O? It is almost like coffee but the effects are just the opposite. Coffee upsets the stomach, ruins the digestion, affects the heart and disturbs the whole nervous system. Grain-O tones up the stomach, aids digestion and strengthens the nerves. There is nothing but nourishment in Grain-O. It can't be otherwise. 15 and 25c per package

Tobacco Company Lesson.
Nashville, Tenn., Nov. 16.—The supreme court of this state has decided against the American Tobacco company in the case brought to test the law prohibiting the sale of cigarettes in Tennessee.

Big Steamer Sinks.

Chicago, Nov. 16.—The Anchor liner Conestoga got lost in the fog early this morning in trying to make the harbor, struck the center pier and went to the bottom. Her main deck is just out of water.

LESSONS FREE.

Art Embroidery Lessons at Warren's Commencing Monday, November 20.

During the entire week Miss H. Kaufman of Chicago, will be at our store, representing one of the largest manufacturers of silk and will give lessons in all branches of art embroidery. The store will be arranged for this special attraction and sewing tables, chairs, etc., will be provided. Embroidery needles and hoops will be furnished free and the ladies are invited to be present either forenoon, afternoon or evening and make themselves perfectly at home.

Miss Kaufman will bring for exhibition a beautiful collection of high art work and everybody will be made welcome to call and see this rare work.

To the Public.

I beg to announce that I have opened up a studio in St. Joseph located at 715 Broad street and will make up portraits in pastel, crayon and water colors, doing strictly first class work at nominal prices, and will also be prepared to give lessons in the art of making portraits to those who may be desirous of learning the same, guaranteeing perfect satisfaction in every respect. To those who care to learn a business that is so useful in any home, whether taken with a view to making it profitable or just for an accomplishment, I think that they will readily see the advantage in this offer and will appreciate the same. Parents who have children and want them to enter into a business where the field is practically unlimited, should not fail to take advantage of this opportunity, where they can get the best of instruction at a reasonable figure. For terms and all particulars address WALTER RABE, 376 715 Broad St., St. Joseph, Mich.

Grateful People, all Over the Land, Indorse the Claims Made for
Dr. CHASE'S OINTMENT
The Only Guaranteed Cure for ITCHING PILLS.

Rockford, Mich., Nov. 16.—Mr. A. H. Clark, the well known tinsmith of this place, in a signed statement made known the wonderful results accomplished by Dr. A. W. Chase's Ointment as a cure for Pills.

"This is to certify that Dr. A. W. Chase's Ointment cured me of Itching Pills. I suffered terribly for over 20 years and could get no relief from medicines or doctors."

"Our druggist, W. F. Hessler, recommended Dr. Chase's Ointment and guaranteed a cure, less than one box cured me."

I would not take \$10 for a box of Dr. Chase's Ointment if I could not get more.

A. H. CLARK.
Dr. A. W. Chase's Ointment is sold under a positive guarantee to cure Itching Pills, Eczema, Salt Rheum and all itching or eruptive skin diseases. If directions are persistently followed. It is magical in its soothing, healing properties when used for chafing on any part of the body.

If the testimony of well known people is not sufficient to convince you of the merits of this wonderful remedy, send your name and address and we will send you a free sample box.

Dr. A. W. Chase's Ointment, 50c a box, at all druggists, or mailed on receipt of price by Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

See picture and signature of Dr. A. W. Chase on every box you buy.

TWO RIBS BROKEN.

ILLINOIS SENATOR HAS AN ACCIDENT IN ST. JOSEPH.

Ex-State Senator William Burke of Chicago, who has been boarding in St. Joseph and taking the mineral baths in this city, was feeling so grateful last night for the benefit he was receiving from the baths that he started in to celebrate. It is said he was gloriously full and not wanting to go to his boarding place he went to the American hotel intending to stay all night.

The senator was not familiar with the house and in walking around he stepped out on the veranda and deliberately fell to the brick pavement below, a distance of several feet. He was picked up bruised and bleeding and carried to the hotel where Dr. McLin and Wilson were summoned. They found two ribs broken and it is thought some internal injuries. Mr. Burke is quite a prominent man in Chicago and his relatives have been telegraphed for.

SOCIETY AND PERSONAL

Mr. Wolfenden, of Grand Rapids, is in the city.

C. D. Stuart of Grand Rapids is in the city.

C. J. Peck went to Watervliet today on business.

W. P. Robbins is confined to his home by illness today.

Orin Bassett is quite ill at his home on Brunson avenue.

John Currier has returned to Benton Harbor for the winter.

Wade, son of Mr. and Mrs. Monroe Morrow is quite ill.

Dr. Lester Peck of Buchanan is in the city attending his brother M. S. Peck.

Senator Burrows is not coming to this city on any particular business but on a visit to his friend, Dr. George M. Bell.

Mrs. Richard Condon leaves tonight for Chicago, where she will join her husband for the winter.

Fred Saurbier started for Texas yesterday where he has employment with a railroad company for a year.

Attorneys Valentine and Gore are in Lansing today arguing the case of Pearl vs the township of Benton before the supreme court.

Myron S. Peck is quite ill at his home on Brunson avenue. Fred Null is in charge of Mr. Peck's grocery store at the corner of Pipestone and Cortland streets.

City Treasurer George Monger has taken to the woods. The tax payers need have no fears as he left all of the city funds and merely went to hunt deer for ten days. When he returns he will have his office with the city clerk at the city hall.

Attorney A. P. Cady has just returned from Anderson, Ind., and he is a fast disciple of brick paving, he says that there is not a foot of asphalt in the city and that the brick is just as smooth as a floor. The brick has been down for ten years and shows but little sign of wear. The pavement is not laid upon a concrete base either.

The Ladies' Home Circle will meet Friday with Mrs. George Monger, Cortland street.

The person who furnished THE NEWS the report of the little party at Corey McClave's the other evening quoted the poetry from memory and got it a little mixed. So Mr. McClave has written the following correction: It was not our intention to make the private proceedings of our little informal gathering of Tuesday evening public, but as the wily ways of the unscrupulous press have brought them to light we wish to make a correction. The lines referred to in the account given in last evening's NEWS had the words "love" and "guess" as a basis and were as follows:

"When they asked me to tell them what love is
I know I had then met my match;
I never could guess, so they told me,
'Tis an itch at the heart you can't scratch."

The ladies of the G. A. R., their husbands and a few invited guests, to the number of nearly one hundred, thronged the cozy rooms of Mrs. Enie Sidmore, on Columbus avenue, from two o'clock until after ten, Tuesday. An elegant supper was served, the menu consisting of coffee, sandwiches, scalloped oysters, assorted cakes, four kinds of fruit, bon bons, closing with glasses of unfermented wine, in which all drank to the prosperity of the flourishing organization, the Henry C. Rowe circle. Games, music, songs and recitations made the hour go all too quickly. The guests feeling, as they said good night, another day marked the annual of the circle.

The Ossoli will meet with Mrs. J. M. Allmendinger tomorrow afternoon.

The Geo. H. Thomas, W. R. C., held their regular meeting Wednesday afternoon at the G. A. R. hall. The inspecting officer, Mrs. Van Fleck, of Sturgis, Michigan, was present. At the close of the meeting, after carefully watching the work, Mrs. Van Fleck made a few remarks which were very interesting and beneficial to all present. She complimented the ladies in doing their work so perfect, especially the floor work. The next meeting will be held the first Wednesday in December, at which time the election of officers will take place.

Mrs. Dorothy Collins will give reduced prices on all of her hats Saturday for the purpose of clearing out her stock.

Notice Naval Reserves.

Division No. 4, M. S. N. G. will hold a meeting at Capt. Graves' office next Monday evening at 7:30 o'clock. Business of importance.

GREAT MEN AND GREAT DEEDS

The Subject of Bishop Fowler's Great Address.

Bishop Charles H. Fowler, one of the greatest orators in the country, will deliver his lecture in this city, "Great Men and Great Deeds," at the First Methodist church Friday evening, November 4, a week from tomorrow night.

This will be one of the greatest treats of the winter and will call out a large audience. The Minneapolis Tribune says of the lecture:

Bishop Charles H. Fowler in his lecture at the Lyceum theatre on the subject, "Great Deeds of Great Men," strengthened the enviable reputation that he has of being one of the matchless orators of the age. A rare treat it is to listen to eloquence as it flows with remarkable grace from the lips of the speaker. Brilliant thought, faultless composition, polished style, wonderful delivery graphic delineations, such is a moderate description of one of Bishop Fowler's lectures.

A GRAND SUCCESS.

CHRYSANTHEMUM FAIR SO DECLARED BY M. E. LADIES.

The much talked of chrysanthemum fair, which was given in Conkey's hall yesterday afternoon and evening under the auspices of the ladies of the Methodist church, was a decided success and the church is richer by at least \$100 than it was yesterday morning.

The hall was crowded last night and many beautiful chrysanthemums were sold. During the evening the juvenile band rendered several selections which were appreciated by the audience. Miss Ida Edgecombe and Edward Noe gave a pleasing duet in costume.

The ladies are well satisfied with the results of the fair and wish to thank the public for their liberal patronage.

ST. JOSEPH.

A gentleman who purchased one of the western burros recently sold at an auction here is amazed at the appetite of his animal. He ran out of hay yesterday and last evening thought to try the burro's taste for other articles of food. He first handed the brute a Havana ten-cent cigar. The animal ate the cigar directly and smacked its "crops" for more. The owner then produced a sour lemon. Instantly the animal grabbed it and devoured it in one mouthful. Afterwards the ass was fed berry boxes, pieces of cloth, and an old dead and half decayed rat, all of which the donkey relished.

The sheriff returned last night from Lake City where he captured a young man named Grant Roebuck who was wanted for taking some clothing from the Star restaurant in St. Joseph which did not belong to him. Roebuck was taken before Justice St. Clair this morning and plead not guilty and his trial is set for next Tuesday.

Recommendations Made by the Convention Which Has Just Ended in Memphis, Tenn.

Memphis, Tenn., Nov. 15.—The convention of the Western Waterways association, which has been in session here two days, adjourned sine die at five o'clock Wednesday afternoon. The convention has been a notable one, between 500 and 600 delegates, representing 16 states, having attended. The morning's proceedings were given over to addresses by prominent delegates. In the afternoon the committee on resolutions made its report. The report was adopted without a dissenting voice and the labors of the convention came to an end.

The resolutions declare it the duty of the general government to make liberal appropriations for the improvement of all the navigable rivers and harbors in the United States; that the government should assume exclusive control of the work for the protection of the lower Mississippi valley from the floods which perpetually endanger and frequently inflict great disaster upon that section of the country, as the burden of completing the levee system is too great for local and state authority; approve the work of the Mississippi river commission, and recommend that its jurisdiction be extended from Cairo to the mouth of the Missouri river; urge that early provision be made for improvement of the southwest pass; approve work done by the government for improvement of the upper Mississippi; recognize the supreme utility of the deep waterway between the great lakes and the gulf of Mexico and recommend to the serious consideration of congress the entire subject matter to the intent that such a project shall be matured and such work undertaken as will provide a waterway of the greatest utility between Lake Michigan at Chicago and the Mississippi river.

The resolutions also favor the establishment of an additional department of the government, to be called "The Department of Commerce and Industries," the head of such department to be a member of the cabinet.

UNDER ARREST.

Members of a Chicago Board of Trade Firm Charged with Misusing the Mails.

Chicago, Nov. 16.—Charles R. McLain and Albert O. McLain, members of the firm of McLain Bros. & Co., that retired from the board of trade Tuesday, were arrested Wednesday afternoon at their office in the Bialto building, charged with using the United States mails for fraudulent purposes. The warrant was sworn out before Commissioner Humphrey, and Col. Stuart, chief post office inspector, who has been investigating the charges for months. The arrest of the members is said to be responsible for the coup made by the firm the previous day, when it sold out and transferred its business to Lamson Bros. & Co. The brokers were taken before the commissioner at his office in the Illinois Bank building, where they waived examination and were held to the federal grand jury on a joint bond of \$5,000.
